Tarnished Heroes, Charming Villains and Modern Monsters Lynnette Porter 2014-01-10 The heroes, villains, and monsters portrayed in such popular science fiction television series as *Heroes*, *Lost*, *Battlestar Galactica*, *Caprica*, *Doctor Who*, and *Torchwood*, as well as Joss Whedon's many series, illustrate a shift from traditional, clearly defined characterizations toward much murkier definitions. Traditional heroes give way to "gray" heroes who must become more like the villains or monsters they face if they are going to successfully save society. This book examines the ambiguous heroes and villains, focusing on these characters' different perspectives on morality and their roles within society.

Appendices include production details for each series, descriptions and summaries of pivotal episodes, and a list of selected texts for classroom use. Instructors considering this book for use in a course may request an examination copy here.

Music in The Girl's Own Paper: An Annotated Catalogue, 1880-1910 Judith Barger 2016-09-13 Nineteenth-century British periodicals for girls and women offer a wealth of material to understand how girls and women fit into their social and cultural worlds, of which music making was an important part. *The Girl's Own Paper*, first published in 1880, stands out because of its rich musical content. Keeping practical usefulness as a research tool and as a guide to further reading in mind, Judith Barger has catalogued the musical content found in the weekly and later monthly issues during the magazine's first thirty years, in music scores, instalments of serialized fiction about musicians, music-related nonfiction, poetry with a musical title or theme, illustrations depicting music making and replies to musical correspondents. The book's introductory

chapter reveals how content in *The Girl's Own Paper* changed over time to reflect a shift in women's music making from a female accomplishment to an increasingly professional role within the discipline, using 'the piano girl' as a case study. A comparison with musical content found in *The Boy's Own Paper* over the same time span offers additional insight into musical content chosen for the girls' magazine. A user's guide precedes the chronological annotated catalogue; the indexes that follow reveal the magazine's diversity of approach to the subject of music.

Celebrity, Convergence and Transformation Douglas Brownlie 2017-07-28 Bringing together the latest

thinking on both celebrity brands and celebrity culture from academics specialising in the field of marketing, this book explores a range of insightful contexts in order to add vigour and vitality to our understanding of the connections between celebrities, markets and culture. It unpacks the identity theoretics which have their origins in the turn to celebrity culture and the spectacle and glamour of mass-media practices. In doing so, the contributors hint at new forms of individuation where the line between the virtual and the actual is blurred, and where images of celebrities construct and deconstruct themselves. This book was originally published as a special issue of the Journal of Marketing Management.
