Net als *Vreemd land* bestaat *Een tijdelijk ongemak* uit verhalen over emigranten die voortdurend navigeren tussen hun Indiase afkomst en de verbijsterende nieuwe wereld waarin ze terechtgekomen zijn. Een gids leidt een Amerikaans gezin door het India van hun voorouders; een jongetje is gefascineerd door de Indiase vrouw die s middags op hem past; een jong echtpaar rouwt om hun doodgeboren kindje. Using Computer Graphics Malcolm Richardson 1995 Complex ideas explained in an accessible way supported by good visuals to ease understanding, this introductory book to the subject of computer graphics should be of use on many different types of courses. These include computer graphics, design, communications and media studies where access to software packages and technology forms part of the course and where manuals are limited. Contents include applications, image types, text manipulation and layout as well as word processing packages, vector based line drawing systems such as Harvard graphics and Autocad as well as pixel-based scanned-image editing packages such as Animator-Pro, Publisher's Paintbox and Photo-finish. 2-D animation, 3-D modelling and animation plus multimedia are reviewed. Graphical user interfaces (GUI) are also examined, as graphical interface design tools such as Visual Basic and Object Vision allow professional looking interfaces and even complete applications with little programming expertise.

De jongens van Nickel Colson Whitehead 2019-05-28 'De jongens van Nickel' van Colson Whitehead is de hartverscheurende opvolger van de bekroonde internationale bestseller 'De ondergrondse spoorweg'. In deze nieuwe roman ontleedt hij een nog recenter duister hoofdstuk uit de Amerikaanse geschiedenis - het tijdperk van de Jim Crow-rassenwetten in het Zuiden van Amerika - aan de hand van het verhaal van twee tieners op een helse tuchtschool in Florida. Het zijn de beginjaren van de burgerrechtenbeweging, en de zestienjarige Elwood Curtis gaat zijn toekomst vol vertrouwen tegemoet. Totdat hij vanwege een vergissing op de Nickel Academy belandt. Met name de zwarte jongens worden aan het sadisme van hun witte bewakers uitgeleverd. Misbruik, marteling en corruptie zijn aan de orde van de dag; voor het minste vergrijp worden de jongens 'naar achter' gebracht - vanwaar ze nooit meer terugkomen. In deze gruwelkamer is er voor Elwood één houvast: zijn vriend Turner, die geen enkele ambitie koestert, behalve ontsnappen uit Nickel.
