*Tower Stories: An Oral History of 9/11 (20th Anniversary Commemorative Edition)* Damon DiMarco 2021-08-17 Damon DiMarco's *Tower Stories: An Oral History of 9/11 (20th Anniversary Commemorative Edition)*, eternally preserves a monumental tragedy in American history through the voices of the people who were in New York City on that fateful day. At the same time, the individuals featured in the book speak to the myriad ways by which Americans rose to meet the challenges presented by 9/11, and celebrates the many heroes that are found within its pages. In the tradition of Studs Terkel, DiMarco's literary time capsule includes a wide variety of viewpoints, including: The small group of people who miraculously made it safely down from the 89th floor of Tower 1, the New York Times reporter who desperately fought her way through the fleeing crowds to get back into Lower Manhattan, the paramedic who set up a triage area 200 yards from the base of the Towers before they collapsed, and the bereaved citizens of New York City who struggled to get on with their lives in the days and months following the tragic event,

among dozens of others. The original edition of *Tower Stories* was one of the best-selling and most critically acclaimed books on 9/11 ever published, and for this 20th Anniversary Commemorative Edition, DiMarco has conducted additional interviews that offer a contemporary perspective on the 9/11 tragedy. The individuals DiMarco interviewed for the new edition include: • Alice Greenwald (President and CEO of the 9/11 Memorial & Museum) • Father Jim Martin (New York Times bestselling author) • Tom Haddad (survivor of the 89th floor, Tower 1) • Stephen Adly Guirgis (Pulitzer Prize-winning playwright). The 20th Anniversary Commemorative Edition of DiMarco's moving oral history preserves all of the voices from the original edition for generations to come, while offering new insights that benefit from twenty years of reflection on the world-shattering event. The voices in *Tower Stories* are in turn haunting and heartbreaking, always emotional, yet ultimately heroic. It's no wonder that MSNBC called *Tower Stories* "Arguably the most successful attempt at capturing the enormity of the events of 9/11," while Publishers Weekly wrote that "DiMarco's contribution to the memory of that horrific day is enormous; the testimonies collected here form a one-of-a-kind account."

**Applications** Claudia McCue 2010-04-14 Contrary to popular belief, print is not dead! With all the interest in online publishing here in the 21st century, it's easy to lose sight of the fact that information is still widely disseminated through the good old medium of print. The advent of desktop publishing granted new levels of power and control to the layout artist and graphic designer, but it hasn't made the process of getting the perfect print foolproof. Sometimes managing the disparate elements of page-layout applications makes even the bravest designer and production editor long for the hands-on days of moveable type. Creating a great layout on your monitor is only half the battle; how do you make it work on paper? Print production expert Claudia McCue takes on the challenge of putting ink to paper, offering clear, authoritative guidance to print professionals and anyone else who has been frustrated by the obstacles of getting electronic documents to print perfectly. This new edition of Claudia's classic book is now fully Adobe-centric, and shows readers how to use the different applications in the Adobe Creative Suite 4 together to create and produce great print documents. Use Photoshop and Illustrator to create raster and vector images, and combine them with text in InDesign to create eye-catching yet readable page layouts. Learn the ins and outs of fonts, and gain a better understanding of how ink and paper work together. Finally,

"preflight" or prepare your job for submission to a printer to make sure the printing process goes off without a hitch.

**The Mammoth Book of Zombies** Stephen Jones 2013-04-18 The zombie - a soulless corpse raised from the grave to do its master's bidding - may have had its factual basis in the voodoo ceremonies of the West Indies, but it is in fiction, movies, video games and comics that the walking dead have flourished. What makes a zombie? This Twentieth Anniversary Edition of one of the first and most influential zombie anthologies answers that question with 26 tales of rot and resurrection from classic authors such as Edgar Allan Poe, H. P. Lovecraft, M. R. James and J. Sheridan Le Fanu, along with modern masters of the macabre Clive Barker, Robert Bloch, Ramsey Campbell, Hugh B. Cave, Joe R. Lansdale, Brian Lumley, Graham Masterton, Kim Newman, Michael Marshall Smith, Lisa Tuttle, Karl Edward Wagner and many more. From Caribbean rituals to ancient magic, mesmerism to modern science, these terrifying tales depict a wide range of nefarious methods and questionable reasons for bringing the dead back to life again.
