Kino and the Woman Question Judith Mayne 1989

Kino and the Woman Question is a study of Soviet silent films in terms of their complex and often contradictory explorations of woman's position within socialist culture and narrative. Judith Mayne argues that representations of women shaped, subverted, or otherwise complicated the cinematic and ideological goals of Soviet film in the 1920s.

Identity and Power in Narratives of Displacement

Katrina M. Powell
2015-02-11 In this book, Powell examines the ways that identities are constructed in displacement narratives based on cases of eminent domain, natural disaster, and civil unrest, attending specifically to the rhetorical strategies employed as barriers and boundaries intersect with individual lives. She provides a unique method to understand how the displaced move within accepted and subversive discourses, and how representation is a crucial component of that movement. In addition, Powell shows how notions of human rights and the "public good" are often at odds with individual well-being and result in intriguing intersections between discourses of power and discourses of identity. Given the ever-increasing numbers of displaced persons across the globe, and the "layers of displacement" experienced by many, this study sheds light on the resources of rhetoric as means of survival and resistance during the globally common experience of displacement.

Dans van woede Harriet G. Lerner
2014-02-11 Veel vrouwen beschouwen woede als een emotie die zwakte verraadt, machteloosheid aanduidt en dus onderdrukt worden. Aan de hand van de uitkomsten van wetenschappelijk onderzoek en nieuwe, bevindingen in de psychoanalyse toont

Harriet G. Lerner aan hoe -en waarom onze woede bestaande relationele patronen eerder beschermt dan uitdaagt. Ze verklaart ook waarom het voor vrouwen niet alleen moeilijk is om boos te worden, maar ook om hun boosheid te gebruiken om zichzelf sterker en onafhankelijk te maken.

Het beslissende moment Malcom Gladwell 2013-09-20 Er is meestal maar een klein zetje nodig om de bal aan het rollen te krijgen. Wie het beslissende moment herkent, heeft een recept voor succes in handen. Hoe wordt een onbekende debutant een bestsellerauteur? Waarom is een televisieprogramma als Sesamstraat zo goed om kinderen te leren lezen? Malcolm Gladwell onderzoekt waarom grote veranderingen vaak zo plotseling beginnen. Ideeën, gedrag, meningen en producten verspreiden zich als ziektes. Zoals één zieke een griep epidemie kan starten, zo kan één graffitimaker de criminaliteit doen toenemen of één tevreden klant de lege tafels in een restaurant vullen. Het beslissende moment leest als een avonturenverhaal vol aanstekelijk enthousiasme over de macht van nieuwe ideeën. Het is een kaart voor verandering, met een hoopvolle boodschap: één creatieve persoon kan de wereld veranderen.

Broadway Plays and Musicals Thomas S. Hirschak 2009-04-22 New York City's Broadway district is by far the most prestigious and lucrative venue for American performers, playwrights, entertainers and technicians. While there are many reference works and critical studies of selected Broadway plays or musicals and even more works about the highlights of the American theater, this is the first single-volume book to cover all of the

activities on Broadway between 1919 and 2007. More than 14,000 productions are briefly described, including hundreds of plays, musicals, revivals, and specialty programs. Entries include famous and forgotten works, designed to give a complete picture of Broadway's history and development, its evolution since the early twentieth century, and its rise to unparalleled prominence in the world of American theater. The productions are identified in terms of plot, cast, personnel, critical reaction, and significance in the history of New York theater and culture. In addition to a chronological list of all Broadway productions between 1919 and 2007, the book also includes approximately 600 important productions performed on Broadway before 1919.

The Lonely Passion of Judith Hearne Brian Moore 1988 Brian Moore burst upon the literary scene in 1955 with this moving and brilliantly observed study of a woman imprisoned by the passage of time. He went on to be hailed as one of the best fiction writers of his generation. Alone in her room in a Belfast boarding house, Judith Hearne is almost overwhelmed by loneliness. Yet she still believes there is a chance for happiness, and

she waits patiently for the moment when her life will turn from sorrowful longing to joy. By chance she meets a man – the man – and her dreams take on a brighter hue, only to be dashed once more. With skill and gentle insight, Moore depicts the disintegration of Judith Hearne's last illusions. Clinging to the bottle for comfort, she becomes a tragic figure who speaks frankly about the human condition. Though we laugh at her foibles, we weep at her plight, and share her primal longing for love and connection. This touching story was made into a critically acclaimed motion picture in 1987.

The authors examine design history, trends, and ideas about creativity with the goal of expanding our understanding about how these overlaps work."--BOOK JACKET.

Weeds Edith Summers Kelley 1972 Weeds was published by Harcourt Brace in 1923 and also brought out in England by Jonathan Cape. Despite favorable reviews by well-regarded critics the book made no impact, and Edith Summers Kelley never published another novel. Its reprinting here in

this innovative series which brought back Zelda Fitzgerald's *Save Me the Waltz* is in the opinion of the publishers a literary event of great magnitude—perhaps equal to the rediscovery of Henry Roth's *Call It Sleep*. *Weeds* portrays the monotonous, drudging life of the small tenant farmer of the tobacco fields of Kentucky. The story centers around Judith Pippinger, who has spirit, beauty, and a restless seeking for a purpose in life, but who is brutalized by farm life. It is not a dramatic novel, as Matthew Bruccoli notes in his Introduction to this neglected masterpiece. But it is convincing. The people live. On two counts this book is important. It is a perfectly controlled work of fiction, and therefore has the automatic worth that any superior piece of literature has. Also, it has historical value as a peak achievement in the revolt-from-the-farm school of naturalistic American fiction. Edith Summers Kelley was the last writer in the Hamlin Garland, E. W. Howe, Joseph Kirkland line of development. Aside from its probable worth as social history, *Weeds* is highly readable. Readers will find here plausible people in a beautifully-handled realistic setting. Interesting to note, the novel's strongest supporter heretofore was Sinclair Lewis, who was engaged to the author. In the opinion of Professor Bruccoli, *Weeds* is as good as *Main Street*.
